GENERAL INFORMATION

WHO IS REQUIRED TO FILE A RETURN:

In accordance with City Ordinance 68-24, the following individuals and entities are required to file a city tax return:

Resident individuals, 18 years of age and older, who resided within the City of Tiffin for the full or partial year.

Resident businesses within the city limits of Tiffin for the full or partial year.

Non-resident individuals, 18 years of age and older, on income earned within the city limits of Tiffin on which city tax is not withheld and any other Tiffin source income.

Non-resident businesses or professions, on the portion of income attributable to Tiffin for work performed and/or services rendered within the city limits.

Retired residents without taxable income need only to complete the upper portion, check the retired box and sign the tax return.

PARTIAL YEAR RESIDENCY TAX LIABILITY:

If you moved into or outside of the city limits of Tiffin during the year and you have income earned from a non-resident employer, you only need to report the portion of your income earned while you actually resided in Tiffin. The wage amount on your W-2 form may not reflect a breakdown of what portion of income was earned before or after you became a resident. Choose one of the three options listed below to establish the amount of your income taxable to Tiffin.

1. Get a year-to-date gross wage figure from the paycheck stub with a date closest to the date you moved into or outside of Tiffin. (Attach copy of paycheck stub to tax return). **See below for Special Instructions.**
2. From your employer, get a breakdown of your year-to-date earnings and tax withheld closest to the date you moved into or outside Tiffin. (Attach documentation from employer with this information). **See below for Special Instructions.**
3. Divide the gross Medicare wage figure from your W-2 form by the number of months actually worked for the non-resident employer. Multiply this amount by the number of months you lived inside the city limits of Tiffin. Tax withheld will need to be prorated using the same formula. (Attach worksheet of your calculations.)

IF USING OPTION 1 OR 2 PLEASE NOTE:

If you moved out of Tiffin, use the year-to-date amount as shown on the pay stub or employer breakdown.

If you moved into Tiffin, subtract the year-to-date amount from your W-2 Gross Medicare Wage figure. This will establish the portion of your income that is taxable to Tiffin. Enter this pro-rated amount in Column 5. Tax withheld credit amounts will also need to be pro-rated using the same formula. Also please attach some piece of mail correspondence showing your out of city address for purposes of verification.

FILING STATUS: You do not have to maintain the same filing status on your Tiffin Tax Return as you claim on your Federal Tax Return. Since there is no financial benefit to married couples to file separately, joint filing is strongly recommended.

WHEN AND WHERE TO FILE RETURNS: Taxpayers who have their taxable year ending on December 31 must file on or before the following April 15. Taxpayers on a fiscal year basis must file within 4 months following the end of their fiscal year. Your return is to be filed with the City of Tiffin Income Tax Department, City Hall Annex, 53 East Market Street, P.O. Box 518, Tiffin, Ohio 44883. Total amount due must be paid when the return is filed. If deadline cannot be met, a request for extension to file must be filed and approved by the tax commissioner. If no request for extension is filed, a late filing penalty of \$25.00 will be applied.

EXTENSION POLICY: Taxpayers will be granted extensions if a written request or a copy of the Federal Extension (i.e. 4868 or 7004) is received by the Tiffin City Income Tax Department on or before the due date of the return. Failure to provide such a request may result in the assessment of a late filing penalty.

PENALTY AND INTEREST: Except in those cases where an extension was filed, a penalty of \$25.00 shall be due on returns filed after the due date, even when no tax is due.

Interest at the rate of 1 ½% per month will be charged from the original due date of the return until date of actual payment, whether or not an extension was filed.

TAXABLE INCOME: Income from wages, tips, salaries, commissions, third party sick pay, severance pay, wage continuation, sheltered annuities, incentive payments, strike pay, jury duty, bonuses, directors' fees, union steward fees, gambling (W-2G) winnings, profit from rental property and profit from a business or profession. This list is not intended to be all inclusive. If you have any questions regarding what may or may not be taxable, please contact the City of Tiffin Income Tax Department.

NON-TAXABLE INCOME: Interest, dividends, capital gains, social security and other retirement and/or pension benefits, alimony received, military pay, royalties, welfare, unemployment compensation, and income earned by persons under age 18.

FEDERAL ADJUSTMENTS NOT ALLOWED: Keogh, HR-10, IRA, 401K, Tax sheltered annuities, and NOL Carry Forward or Back.

GROSS WAGES: City tax is based on Medicare wages (Box 5 on W-2). Contributions to deferred compensation plans are not recognized by the City of Tiffin and cannot be excluded from your wages to determine your Tiffin taxable income. As a result, the distributions from these plans are not taxed. The amount shown in Box 5 and the local wages, tips, etc. (Box 18) of your W-2 should reflect the same wage figure on which your employer has withheld local income tax.

ROUNDING: You may round off cents to the nearest whole dollar.

REFUND VERIFICATION: Requests for refunds must be accompanied with a written explanation for such request and the following documentation:

1. Copy of Driver's License or Birth Certificate showing date of birth of minor for whom city tax was withheld in error.
2. Verification from employer if tax was erroneously withheld for any reason other than employee being under 18 years of age.

WHAT CONSTITUTES NET PROFIT: Net profit is the income from the operation of a business, profession or enterprise and the use of property, after the provision for all ordinary and necessary expenses, either paid or accrued, in accordance with the accounting system used by the taxpayer for Federal Income Tax purposes, adjusted to the requirements of the Tiffin Income Tax Ordinance. **Note that City, Federal or State taxes, based on income are not deductible in determining net profit.**

ALLOCATION OF PROFITS: The business allocation percentage formula is to be used by corporations or non-resident business entities doing business within and outside of Tiffin if actual records of their Tiffin profits are not maintained.

Determine the ratio of the Tiffin portion of:

1. Average value of real and tangible property;
2. Total sales regardless of where made;
3. Total compensation paid to all employees.

Add the ratios obtained and divide by the number of ratios to obtain business allocation percentage. A ratio shall not be excluded from the computation because it is allocable entirely within or outside of Tiffin. This computation is to be reported as Schedule Y, on back of form.

CHANGE IN TAX LIABILITY: An amended Tiffin return is required within three months of the final determination of any changed tax liability resulting from Federal audit, judicial decision, or other circumstance.

SCHEDULE X – RECONCILIATION WITH FEDERAL INCOME TAX RETURN

This schedule is used to adjust your Federal Net Income to your Tiffin Taxable Income. The left hand column is for items deductible on the Federal Return but not deductible under the Tiffin Tax Ordinance. The right hand column is for items taxable on the Federal Return but not taxable by Tiffin. Schedule X is applicable only if you are a corporation, partnership, or an individual with 2106 expense or Schedule C income with medical insurance premiums.

EXAMPLES:

- Non residents who perform services both within and outside of Tiffin must divide number of days worked in Tiffin by total days worked (260 days).
- Business and Professions which deduct State and City Income Tax on Schedules 1065 and 1120 must list these items on LINE B of Schedule X.
- If the only reason Schedule X, LINE L is being used is for reporting 2106 expense, the adjustment may be entered on LINE L and transferred directly to LINE 3 on the front of the return as a negative. A copy of Form 2106 must be attached to tax return.
- LINE M Schedule C Medical Care Insurance Premiums may be deducted to the same extent taxpayers are currently entitled to deduct on their Federal Form 1040 not to exceed Schedule C income.
- Ohio Revised Code does not allow for adjustment to federal taxable income of expenses reduced because of taking a federal tax credit (i.e. Work Opportunity Credit, Small Employer Health Insurance Premium and other similar credits.) Starting in 2012, Tiffin allows a tax credit to adjust tax liability due to the disallowed expenses. Nondeductible Expense Credit worksheet and proper documentation must be attached to tax return in order to take this credit. See instructions for LINE 6 (E) and Ordinance No. 12-67.

SIGNATURE – Do not fail to sign and date your return before submitting it to the Tiffin Income Tax Department. A return is not “filed” within the meaning of the law until signed by the taxpayer or an agent legally authorized to sign tax returns for such taxpayer.
